WASHINGTON, D. C., Dec. 16.—The work of the Senate on the bill to limit the United States armory at Springfield has been suspended late today in the absence of President Taft. The Senate will not vote on the bill until the President has signed the bill. The bill is the first of a series of bills to be introduced by the President in the next session of the Senate.

There is a large lake, some 100 ft. in diameter, situated near the shore, the water of which is obtained from Fort Mifflin.

The abundance of aquatic insects which breed in the ponds and the lake, combined with the fact that water is the collection of many other pests, has been said to have been the cause of the high incidence of the epidemic. The epidemic is caused by the larvae of the house fly, *Musca domestica*, which are present in the water, and which, upon becoming adults, are attracted to the collection of water in the buildings. It is possible that the water in the ponds and the ponds themselves are the cause of the epidemic.

It is suggested that the water in the ponds and the ponds themselves be removed, and the water in the ponds be replaced by fresh water. It is also suggested that the water in the ponds be replaced by fresh water.

"THE SWELL KID" IS HELD AT FORT WORTH UNDER MANY ALIASES

Arrested In Connection With
Robbery Of Oklahoma
Bank

FORT WORTH, Texas, Dec. 16.—Arrested in golf togs and with a bag of clubs over one shoulder, James P. Overstreet, alias Jess Updegraff, alias James P. Simpson, alias "The Swell Kid" and other names, was arrested here today in connection with the robbery of the Federal National Bank at Shawnee, Okla., last Wednesday. About \$12,000, believed to be a part of the \$18,000 taken in the bank robbery, was in his possession.

Overstreet denied any complicity in the crime and gave the name of Simpson. Finger print records disclosed that divers aliases and police history. He is said to have served a term in the Oklahoma penitentiary for robbery with firearm.

A large deposit of money in a hotel here yesterday evening before he was arrested, he was immediately identified when detectives presented his picture to employees at the hotel.

One of the men who pulled the Shawnee bank, believed to have been killed, a bullet-riddled body, later identified as Joe Marshall, of Louisville, Ky., was found Friday near Bristow, Okla. He is believed to have been killed by a associate in the hold-up over the division of the loot.

Oklahoma City, Dec. 16.—James Overstreet, who was arrested in Fort Worth, Texas, today in connection with the robbery of a Shawnee bank last week also is wanted in Tulsa, Ill., for the robbery of the postoffice there on Nov. 11, according to information on the hands of authorities there. Overstreet is known under several aliases. The trail of Overstreet was first picked up in Tulsa where he was reported to be posing as a blind man and begging on the streets.

Overstreet will be returned to Shawnee, Okla., where robbery charges will be placed against him.

POINT IS SCORED IN FAVOR OF KID M'COY

LOS ANGELES, Cal., Dec. 16.—(AP) The defense counsel of Kid McCoy, ex-prize fighter charged with the murder of Miss Theresa Mors, divorced wife of an antique dealer, last August, scored a point in his favor at the trial here today, when, by a witness of the prosecution, they proved that domestic robbery did not reign in the Mors household until the time McCoy met Mrs. Mors.

Sallie Tegen, negro maid of Mrs. Mors, declared that the antique dealer and his wife had quarreled before the introduction of the ex-fighter and that one time Mrs. Mors struck her husband in the face. The testimony was a blow to the prosecution. Deputy District Attorney E. J. Thompson announced to the court that he intended to establish by the maid's testimony that although Mors reigned in the Mors household before McCoy was introduced there.

The defense counsel also succeeded in recording with the court that Miss Pearl Stein, secretary at the Mors' antique shop at present owns a cloth coat once owned by Mrs. Mors, the dead woman. She said she bought it from Mors, but denied under cross-examination that she was to marry him.

His recent move to Chicago, first assistant state's attorney to order an immediate grand jury investigation.

COLD WEATHER HITS KANSAS AND MISSOURI

Kansas City, Dec. 16.—Kansas and Western Missouri experienced the coldest weather of the winter tonight as the cold wave sweeping down from the North, west brought a breath of the sub-zero temperatures in the Rocky Mountain region. Snow and sleet was general over Kansas which received its first taste of red winter during the day and tonight the blizzard was spreading eastward over Missouri. From the Indian summer weather of yesterday the mercury plunged down rapidly toward the zero mark. Temperatures a few degrees above zero were forecast for early tomorrow morning for both states.

COOLIDGE DECLARES NAVY INVESTIGATION ENTIRELY NEEDLESS

Senate Postpones Action To
Study Up On Substitute
Plan

WASHINGTON, Dec. 16.—The move to bring about a congressional inquiry into the state of the navy, one of the outgrowths of Washington's newest controversy today encountered opposition at the white house and delay in the senate naval committee.

The opposition from the white house was based on the grounds that a general investigation such as proposed in the senate was unnecessary. The postponement of action by the naval committee called upon to consider an investigation resolution by Senator King, Democrat, Utah, was decided upon to permit that of what was described by Chairman Hale as a "whispering plan."

Without waiting for the question of investigation to be decided, the house began general debate on the substitute, which appropriated \$100,000,000 for the navy, and which provided for a general investigation of the navy, and which provided for a general investigation of the navy, and which provided for a general investigation of the navy.

The matter of relative strength, however, has been largely decided by President Coolidge in the consideration of the navy question. The president's decision was the result of a general investigation of the navy, and which provided for a general investigation of the navy, and which provided for a general investigation of the navy.

Secretary Willing is to appear tomorrow before the house naval committee and a further presentation of the views of his department on the naval question is expected. It is assumed he has been thoroughly acquainted with the thoughts of the president.

RAILROADS ISSUE POULTRY EMBARGO

NEW YORK, Dec. 16. (AP) Part of the "chicken" embargo provided in certain mid-western states has been threatened by the house, which of New York that all railroads serving the city today set up a "chicken" embargo against shipments of live turkeys, chickens, ducks and geese.

The railroads acted after a host of inspectors representing federal, state, and city agencies of health had rejected many cases of poultry which arrived yesterday.

Commission merchants and carriers tonight took steps to have their companies establish an embargo on fresh eggs, which they declared today by the railroads.

Twenty-five carloads of chickens—approximately 150,000 lbs.—or nearly 100,000 birds were shipped westward today because they had failed to pass inspection at New Jersey terminals, or because of demurrage, shrinkage, cost of feeding and the demonstrated state of the market promised a total loss to the receiver who undertook to dispose of them in New York.

SANTA CLAUS' HELPERS HAVE KNOCKED OFF WORK

WASHINGTON, (AP) — Ten thousand first assistants to Santa Claus have knocked off work for the year, after cutting more than 70,000,000 board feet of lumber into the curious shapes demanded by the rulers of Toyland. There are nearly 400 establishments in the United States taking orders from Santa Claus. One manufacturer of toys in New York state uses 2,000,000 feet of lumber every year and the total value of the products of the industry in all parts of the United States reaches \$35,000,000.

That takes a tremendous number of trees, the American Tree Association points out in a bulletin calling attention to argument for reforestation.

These commercial Santa Clauses, the toy makers, ply their trade largely in the east, New England, New York, Pennsylvania and Michigan are the states in which the bulk of the industry is located. As forest resources have been gradually used up in the east, however, the manufacturers have had to depend upon timber brought from the west and the south.

LEGISLATION FAVORS DISTRIBUTION CONTROL

TAYLORVILLE, Ill. (AP) — Legislation "to control distribution so that there will not be the great difference in price between that received by the producer and that paid by the consumer," is one of the four "most urgent matters" that should occupy the attention of the 54th general assembly, according to State Representative James H. Forrester of this city. He said that he favors: mortgages from taxation; a law to compel a short session of the legislature; a law to effect a centralization of labor in the departments of state, so as to enable the work of the departments to be done with less employees thereby effecting a saving to the taxpayer.

ANNUAL XMAS TREE PLANNED BY ELKS

Man Employed at Grain Elevator Is Entangled in Machinery and Suffers Broken Bones and Internal Injuries.

James W. Crum, an employee of the Jacksonville grain elevator at the corner of Second and Duval streets, was seriously injured yesterday afternoon when he was caught in a belt of the elevator and after a short struggle, he was killed. Mr. Crum was employed at the elevator for about a year and a half. He was married and has a family of four children. He was taken to the Jacksonville hospital where he is now lying. The elevator was closed for some time after the accident. The cause of the accident is being investigated by the city engineer.

I. C. TRUSTEES REPORT PROSPEROUS YEAR

Sent Annual Session Held Yesterday Afternoon—College Is Experiencing Substantial Growth.

The trustees of Illinois College held their regular semi-annual meeting on Tuesday at the home of President Rammelemp. Among the out of town trustees present at the meeting were Dr. George E. Baxter of Chicago and Mr. John J. Henson of Virginia. The meeting was held in the evening and was attended by a large number of trustees. The report of the President and the report of the Finance Committee were read. The President's report showed that the college is again experiencing a year of substantial growth and prosperity. There is again an increase in the number of students in the college as there has been in each of the last six or eight years. For the last two years, the college has been limiting the number of its freshmen class to 150. The President reported that if that limitation had not been in effect, there would undoubtedly have been a freshman class of 200 last fall. The President spoke in high praise of the quality of the work which the various new members of the faculty were doing. He referred with special commendation to the work of Dr. Kraepner, the new director of the Conservatory of Music.

The substantial progress made in the provision for the comfort and happiness of the women of the college was also mentioned in the report of the President. The purchase of the David A. Smith home by the Women's Building Association is probably the outstanding event in college affairs since the last commencement. It was reported that two memorial rooms had been established in the Women's Building. The Helen Kirby Dwight Memorial which includes the two Y. W. C. A. rooms and the Rhoda Tomlin Goss Memorial which is the dining room. An announcement will probably soon be made of the establishment of other memorial rooms in the building. The extensive foot south of the Women's Building has been cleared, graded, and seeded and will be available next spring as an excellent hockey field for the girls.

The President also reported that \$1,500,000 had already been raised in the \$2,000,000 campaign which is being conducted by the Presbyterian Church for the benefit of the college of the state affiliated with that denomination. Since some of the gifts in this campaign have been designated for particular institutions, it is impossible to estimate at present the exact share of Illinois College in the fund. If the whole fund is raised, the share of Illinois College will be about \$500,000. There was some discussion of the plans for the local campaign which will be conducted in connection with the state-wide effort. The present plan of the trustees is to have this campaign in Jacksonville during the last of April or the first of May. The trustees are more or less committed to this date by the plans of the general campaign.

The report of the president showed that about \$60,000 still remains to be collected on the previous endowment campaign for \$475,000. It is probable that a large portion of this remaining amount will be paid within the next month or two, but the trustees are very anxious that all delinquent subscriptions be paid as soon as possible. The Board is very anxious to have these payments made as promptly as possible so that the final payment may also be secured from the Rockefeller Board. The latter Board is making its payment only in proportion as other subscriptions are paid.

Confere Degrees

By vote of the Board, the degree of Bachelor of Arts was conferred upon Mr. Willard Gilbert Wright, now serving as principal of the high school at Merced, California, and Floyd Weston Lashmet, now a student at the Medical School of the University of Michigan. Both of these men, members of the class of 1924, completed their work last summer for their degrees at Illinois College. The diplomas will be awarded at the end of the first semester.

One of the most important actions taken at the meeting was the vote authorizing the granting of degrees in the Conservatory of Music. Hereafter the trustees will grant the degree of Bachelor of Music to properly qualified candidates recommended by the Conservatory faculty. The requirements for the degree, as recommended by the Conservatory faculty and approved by the trustees, are very high and will make the new degree in every respect worthy of the traditions of the college and of the Conservatory.

A report was received at the meeting from the special committee appointed last June to consider preliminary plans for the Centennial of the college. This committee recommended that the celebration be held in the early part of October, 1929; that an historical pageant, showing the founding and growth of the college should be a part of the celebration; that a history of the college in preparation by President Rammelemp and an anthology of verses written by former students and graduates, should be published. All of these recommendations were adopted by the Board.

Several special endowment funds were created by the trustees. Among them was the Thomas Worthington Memorial Library Fund of \$1000, for the purchase of books in the fields

Big Christmas Plans At State Institution

The annual Christmas week program to be given at Jacksonville State hospital was announced for publication yesterday. A week of entertainment and good eats is in store for the 3,000 patients and employees in the institution.

Packages and bundles are beginning to arrive at the hospital, containing presents for the patients, friends and relatives, and the sorting and marking of the more than 5,000 gifts was a tremendous task. The presents are distributed from the Christmas trees placed one in each ward. The ex-service men at the hospital are also to have a big Christmas. Local organizations are planning the presents, and it is understood that the Woman's Relief Corps alone has contributed \$100 to the Christmas fund for the ex-soldiers at the hospital. Here is the big program day by day:

Soldier Cottages—Christmas Day 10:00 a. m.—Patriotic organizations of Jacksonville will visit the soldiers' cottages at which time gifts will be distributed to the World War veterans who are hospitalized at the hospital. A special decorated Christmas tree will be placed in the center of the dining room which will make Christmas more home-like for these boys.

Christmas Day

All wards of the institution will be fittingly decorated with Christmas trees, holly and crepe paper decorations in various styles. Three prizes composed of angel

of history and English, this fund having been bequeathed to the college by Mrs. Thomas Worthington. A second special endowment, established at this meeting of the Board was the George Shepherd Park Memorial Scholarship Fund of \$1000, recently donated to the college by Mr. and Mrs. George A. Lawrence of Galesburg, Illinois. George Shepherd Park in whose memory the scholarship is established, was a student in Illinois College in the early thirties. A soldier in the war for the independence of Texas he later became the founder of Park College, Missouri.

Action was also taken adding certain sums recently received from the executors of the estate of Mrs. Helen M. Dwight of New York City to the Reverend William Kirby Memorial Library Fund, making a total in that fund at present of \$5000.

Resolutions were passed expressing the appreciation of the Board to Mr. and Mrs. James A. Patten for including Illinois College in their recent munificent gift to the cause of Christian Education.

An important part of the Centennial of the college will be the raising of a substantial Centennial Building and Endowment Fund. The amount of this fund was placed at the annual meeting last June at \$1,500,000. The \$500,000 that may come to Illinois College from the state-wide Presbyterian campaign will be a part of this Centennial Fund. The trustees authorized the appointment of a special committee to work out the plans for the raising of the large Centennial Fund. The trustees look forward to a growth and development in the college during the next five years that will be even more substantial than the steady growth of the last ten years.

The trustees were entertained for luncheon by President and Mrs. Rammelemp at the Woman's Building. Mrs. Edward P. Kirby helped to receive the members of the Board at the building and various members of the girls literary societies helped to serve the luncheon.

LEGION COMMITTEES ANNOUNCED FOR YEAR

Working Organization Perfected at Meeting Last Night of Former Service Men—Enjoy Entertainment.

Committees to serve during the ensuing year were appointed at a meeting of the American Legion last night. The committees as announced by Commandeur Glenn E. Skinner are as follows:

Post Activities—O. E. Franks, chairman; H. A. Ricks, H. L. Simonds.

Refreshments—Arthur Epke, Graff, chairman; J. J. Coley and Andrew Cole.

Hospital—E. J. Henderson, chairman; J. C. Walsh.

Entertainment—William Meyer, chairman; Charles Hauser, A. C. Kolhoff.

House—E. A. Lifer, Walter Andre, Eugene Dodsworth, L. A. Cain, Houston Cowan.

Publicity—C. E. Newport and Reaugh Jennings.

Committee on entertainment for disabled veterans—Roy Goodrick, chairman.

The hospital committee reported that several Legion and Auxiliary posts had notified the local post of their intentions to contribute toward the Christmas entertainment of the veterans at the Service Men's Training Center at the Jacksonville hospital. The Legion also made plans to continue the entertainments that they had been providing for their disabled buddies at the hospital.

It was also decided to cooperate with the Jacksonville American Legion Auxiliary in providing for a Christmas box for the children at the Soldiers and Sailors' Orphans Home in Normal, Ill.

Much enthusiasm was expressed at the meeting over the success of the campaign for members, Ray O. Fox, Ralph W. Taylor, C. Victor Cardosa, Samuel D. Darby and Bud Carter were admitted into membership at last night's meeting.

H. G. Bradney and G. L. Hughes made a very interesting and instructive report of the meeting held at Bloomington last Sunday, when the commanders and adjutants of the various posts of the state convened with National Commander Drinn.

Following the business session a very attractive program was rendered by "August" (Harry Herring) and "Syringa" (William Meyer). Members of the post report a real live entertainment.

The evening concluded with refreshments. The post voted to extend a vote of thanks to the Ideal Baking company for a beautiful flag.

KNIGHTS OF COLUMBUS INITIATE TWENTY

Twenty candidates were initiated into the first degree of the order of the Knights of Columbus last night at DeGen's Hall on South Main street. A large attendance of members witnessed the ceremonies which were conferred by the local degree team. Several inspiring talks were made at the close of the meeting, prominent among these being brief addresses by Father Cahill of Routh college, Father Hobbs of the Church of Our Saviour and Father O'Donoghue of St. Sterling. Members of the council also made talks.

The membership expressed great enthusiasm for the completion of the American Legion Memorial Home and stated they will be in the campaign until "moss" are sounded.

Light refreshments were served at the conclusion of the evening.
